

women's health update 2020

Los Angeles
February 25 + 26

shaping the future of sexual + reproductive health care™

INVITATION

WELCOME TO WOMEN'S HEALTH UPDATE 2020

Essential Access Health is pleased to present our 35th annual Women's Health Update on February 25 + 26 at The California Endowment in Los Angeles.

Women's Health Update 2020 comes at a critical time. Although significant progress has been made, health inequities and challenges to providing quality care for all in our current environment persist. Women's Health Update 2020 will feature thought-provoking plenary discussions and informative workshop sessions to help enhance your capacity to provide evidence-based and patient-centered care in a shifting health care landscape.

Women's Health Update 2020 is an exciting opportunity for busy health professionals to receive clinical updates and best practices from experts in the field and discuss hot topics in sexual + reproductive health care.

Our Women's Health Update 2020 program was also designed to maximize continuing education credits - participants can earn up to **13.5 CE Credits!**

We are looking forward to seeing you in Los Angeles!

ABOUT ESSENTIAL ACCESS HEALTH

Essential Access Health was established over 50 years ago grounded in the belief that the ability to plan our families and futures and make informed choices about our sexual and reproductive health are essential for individual and community health, equity, and economic security. Learn more about us at essentialaccess.org.

CONFERENCE OBJECTIVES

1. Discuss advances in sexual + reproductive health care related to screening, diagnosis, and treatment
2. Display effective communication + counseling skills related to sexual and reproductive health care
3. Describe how providers can support greater health equity + reproductive justice in their health settings
4. Incorporate current clinical guidelines for reproductive health care into their practice
5. Demonstrate intrauterine device and contraceptive implant insertion and removal procedures
6. Discuss recent changes to the health care landscape that affect women's health

WHO SHOULD ATTEND?

- Nurse Practitioners
- Nurse-Midwives
- Registered Nurses
- Physicians
- Physician Assistants
- Health Educators
- Public Health Professionals

CONFERENCE SCHEDULE

PRE-CONFERENCE SCHEDULE

TUESDAY, FEBRUARY 25, 2020

8:00 AM **Pre-Conference Registration**

8:15 - 12:15 **Pre-Conference A Fundamental Skills IUD Training**

Cason +
Saleeby

Practicum participants will receive background information and learn placement techniques for the five intrauterine devices currently available: Mirena®, ParaGard®, Skyla®, Liletta® and Kyleena®. Hands-on practice will be supervised by experienced preceptors.

9:30 - 12:30 **Pre-Conference B Nexplanon® Placement + Removal**

Merck Trainer

Practicum participants will learn how to identify appropriate Nexplanon™ (etonogestrel implant) patients, prepare patients for placement, and manage technical issues related to placing the contraceptive device. Participants will also receive hands-on, supervised instruction on the latest techniques for placement, localization, removal and re-insertion using an artificial model.

This practicum session, sponsored by Merck, is not accredited for continuing education credit and is only open to doctors or advanced practice clinicians with furnishing or prescribing privileges in their state. It is Merck policy to verify participant practice, licensure and eligibility information in advance of the conference date. Merck will contact participants directly if there is a problem regarding this process. Certificates of completion will only be issued to participants that are present for the entire training session.

12:00 PM **Exhibits + Lunch**

1:30 - 4:30 **Pre-Conference C Advanced Skills IUD Training**

Policar +
Saleeby

Practicum participants will learn skills for mastering challenging IUD placements and removals. Techniques will be reviewed for the safe use of the tenaculum, uterine sound, and inserters. Tips for avoiding common IUD placement pitfalls will be provided. Participants will practice techniques for managing cervical stenosis, providing adequate pain relief during and after placement, removing IUDs without strings and preventing vasovagal syncope and uterine perforation.

1:30 - 4:30 **Pre-Conference D Nexplanon® Placement + Removal (Repeated)**

Merck Trainer

1:30 - 4:30 **Pre-Conference E Asking the Right Questions: Leveraging the PATH Framework to Support Reproductive Autonomy**

Cason

Practicum participants will learn the PATH framework – a concrete, patient-centered set of questions and counseling skills designed to effectively engage with patients to identify their reproductive life goals and how they can work toward achieving them. The PATH questions are non-judgmental and open-ended. The framework is focused on effectively inviting the patient to explore their values and preferences, and moving the conversation forward to offer the services and information that are best aligned with the preferences identified.

4:30 PM **Adjourn**

CONFERENCE SCHEDULE

MAIN CONFERENCE SCHEDULE

WEDNESDAY, FEBRUARY 26, 2020
