

## **Integrating Sexual + Reproductive Health into Primary Care: Focus on STDs**

**Date:** Friday November 13<sup>th</sup>, 2020

**Time:** 9am-11am

**Location:** Zoom

**Presenter:**

**Jessica Saint Paul, DMSc, PA, MPH, MCHES**

**What will you learn?**

This virtual training will provide evidence-based clinical and operational strategies for integrating quality sexual and reproductive health services into primary care. CEs will be provided (please see second page for additional information). Participants will learn:

- How to identify and address the unique sexual and reproductive health needs of patients
- Strategies for adapting clinic workflow processes, including elements of billing practices
- Current national sexual and reproductive health guidelines, practical tools, and resources
- Special considerations for prescribing pre-exposure prophylaxis (PrEP) to adolescent patients

**Who should attend?**

This course is designed for primary care and pediatric health agency leaders including:

- Clinicians (including Physicians, PAs, NPs, RNs)
- Medical Directors
- Clinic and QI Managers
- Other clinical staff involved in the delivery of primary and pediatric care

**After this session participants will be able to:**

- Explain the prevalence of STDs among adolescents
- Describe at least 1 method to routinize STD testing in your practice
- Identify at least 1 tool that can be used to assess for sexual risk factors
- Employ current treatment recommendations for STDs

**This project is supported by funds received from the U.S. Centers for Disease Control and Prevention and the County of Los Angeles Department of Public Health, Division of HIV and STD Programs.**

**PLEASE RSVP BY EMAILING:**

**Neha Saxena**
