GOAL 1

1. How will you expand access to the full spectrum of sexual and reproductive health care, including abortion? What will the ultimate impact of this work be?

2. Which focus area(s) does this goal address? (Check all that apply):

☐ Training ☐ Education ☐ Clinical Care ☐ Infrastructure ☐ Practical Support ☐ Other Access Improvements

OBJECTIVES: What are your objectives for this goal?	ACTIVITIES: What specific actions will you take to achieve each objective?	PERSONNEL: Which staff will be responsible for carrying out these activities?	TIMELINE: During what part of the project period will this work occur? (e.g. Month 1-3)	How will you define success?		
				MEASURES OF SUCCESS: What will you measure?	STARTING POINT*: What is your current (baseline) data for this measure(s)? *If available	PROJECTED CHANGE: What will be different at the end of the project? Quantify the expected change if data is available.

GOAL 2

1. How will you expand access to the full spectrum of sexual and reproductive health care, including abortion? What will the ultimate impact of this work be?

2. Which focus area(s) does this goal address? (Check all that apply):

☐ Training ☐ Education ☐ Clinical Care ☐ Infrastructure ☐ Practical Support ☐ Other Access Improvements

Grantees are asked to include 10 hours of staff time in project budget to participate in grantee meetings, interviews and fact-finding activities to share information and gather qualitative data about the successes and challenged encountered throughout the project period.

Essential Access will facilitate annual grantee gatherings to share information, discuss successes and challenges encountered through the projects, deepen collaborations, and identify areas for future work. In addition, Essential Access will conduct post-funding key informant interviews to gather qualitative feedback about the program, the funding process, and to document insights gained.
